<b>Description</b>			
There is code to check ACLs in org.openecard.crypto.common.sal.ACLResolver and org.openecard.common.sal.state.CardStateEntry. Neither of them is complete with normalization and everything that is needed. The ACLResolver class should be completed and replace the code in CardStateEntry.			

#### History

#1 - 04/09/2014 10:49 AM - Tobias Wich

- Priority changed from Normal to Low
- Target version changed from 1.1.0 to 1.x
